

Aug 2014

As part of our presentation

The Role of Vehicle Dynamics Simulation in Highway Safety Research, Raymond R. McHenry, McHenry Software
2014 ASME Milliken Lecture
ASME 16th International Conference on Advanced Vehicle Technologies
Buffalo, NY, August 17-20, 2014 **Page**

We are posting up all Reference Documents.

The link you have selected is not posted up yet and so is merely a placeholder for a soon to be posted copy of one of the following documents:

McHenry, R.,R.,, Deleys, N.J.
“Vehicle Dynamics in Single Vehicle Accidents – Validations and Extensions of a Computer Simulation”,
Interim Technical Report,
CAL No VJ-2251-V-3,
Contract No CPR-11-3988,
December 1968

McHenry, R.,R.,
“Approximations of Impact Conditions via Computer Simulation”,
NATO Conference on Accident Investigations,
Brussels, Belgium, 1973

We apologize for the delay in posting up these documents.

Please email mchenry@mchenrysoftware.com if you still see this link after Sept 30, 2014 and we will send you a copy.
